Dubai, UAE | (050) 6739509 | g00101441@aus.edu | www.linkedin.com/in/sanjana-sara-siju-54162a258

EDUCATION

American University of Sharjah, Sharjah, UAE

Expected Graduation : June 2027

BSc in Computer Science

Relevant Coursework: Data Structures and Algorithms, Digital Systems, Web Application Programming, Introduction to Computer Systems, Introduction to AI and Machine Learning, Intelligent Recommendation Systems.

Awards: 1st Place, Entrepreneurial Pitch Competition (CEN Summer School 2025); 1st Place, AUS TechShip x Noon Product Management Hackathon (2025).

TECHNICAL EXPERIENCE AND PROJECTS

IBM SkillsBuild | Cybersecurity Professional Certificate | Summer 2025

- Completed a rigorous 10-week professional certification course covering network security, threat intelligence, and data protection.

InnovateX Hackathon 2026 | Executive Board Member | Oct 2025 – Jan 2026

- Collaborating with the CSE department to organize a large-scale hackathon, managing logistics and technical coordination.

CEN Engineering Summer School | Participant | Summer 2025

- Engaged in international engineering workshops and collaborated with global students on technical projects.

SUSTAINABILITY AND LEADERSHIP EXPERIENCE

Dubai Young Marhaba Leo Club | Club Secretary | 2025 – 2026 (*Previously: Service Project Coordinator & Vice President in Dubai Marhaba Leo Club*)

- Overseeing administrative documentation and coordinating community service projects, including environmental initiatives and food distribution.
- Service Project Coordinator: Spearheaded regional environmental initiatives, including tree plantation drives and urban greening projects.
- Managed food kit distribution to labor camps and Iftar kit initiatives during Ramadan, focusing on social sustainability and community welfare.
- Led can collection campaigns to promote circular economy principles and waste reduction within the community.

Emirates Environmental Group (EEG) | Project Participant & Awardee | 2022

- Participated in the "One Root, One Communi-Tree" project, focusing on large-scale aluminum can recycling to support national sustainability goals.
- Recognized as 1st Runner Up in the Can Collection Category for excellence in recycling contributions and environmental commitment.

The Computer Engineering Club (AUS) | President | Spring 2026 – Present (*Previously: Vice President, Executive Assistant, Media Head from Fall 2023 onwards*)

- Directing club operations, including hosting technical workshops, industry visits, and coding competitions for the student body.
- Managed the club's digital presence and promotional strategies as Media Head, increasing student engagement.

AUS Orientation | Team Leader | Fall 2024 – Spring 2026

- Led groups of incoming students, facilitating their transition to university life through mentorship and campus guidance.

AUS Model United Nations (AUSMUN) | Social Media Managers Team | Oct 2025 – Feb 2026

- Coordinating digital outreach and communications for one of the largest student conferences in the region.
